SENTENCED FOR LIFE.

**John Woodruff and Francis Drake
Convicted by Jury in Coffey
Murder Case.**

JIM WILL ANDERSON GOES FREE.

**Anderson and Others Indicted for Shoot-
ing from Ambush.**

Hopkinsville, Ky., March 30.—The jury in the case of the Commonwealth of Kentucky vs. John Woodruff, Francis Drake and Jim Will Anderson, charged with the murder of Deputy Sheriff Robert H. Coffey, near Empire, on October 26, 1901, has returned a verdict.

It sends Drake and Woodruff to the penitentiary for life and frees Anderson from the charge of murder.

The jury had the case since about 2:30 o'clock Saturday afternoon.

At noon today the jury was summoned before Special Judge Reeves and asked if any decision had been reached. The reply was in the negative. The jurors were sent back to their room.

Shortly before two o'clock the jury announced that it was ready to render a decision. Several of the attorneys had to be sent for and as the news spread that a report was about to be made a large crowd filed into the courtroom.

The list was called and each juror responded to his name.

The clerk then read the verdict, which was as follows:

"We, the jury, find John Woodruff and Francis Drake guilty as charged in the indictment, and fix their punishment at confinement in the penitentiary for life.

"We, the jury find Jim Will Anderson not guilty."

It is understood that eleven of the jurors were for life imprisonment for Drake and Woodruff from the first ballot.

Anderson, according to the testimony of Guy Reynolds, Charles Johnson and John Fields, participated in the ambush shortly before the murder. Reynolds, however, stated that he was not present when the fatal shot was fired.

There is an indictment against Anderson charging him with shooting from ambush with intent to kill.

The jury was composed of the following citizens: Ben Burdett, Ed Wolfe, Frank Thompson, Ferdinand Petch, G. C. Carter, W. H. Shanklin, G. W. Embury, Ward Claggett, J. M. Adams and W. C. Gresham.

Three of the jurors, G. W. Embury, Frank Thompson and P. C. Carter are not at all well.

Francis Drake, one of the convicted murderers, is sick, but was able to appear in court.

Seven were originally indicted. Burrill Wiley's case was dismissed. Guy Reynolds, who was a witness for the commonwealth, and John Black, colored, are yet to be tried. Ernest Brumfield, the seventh man, and who lost his hat the day of the killing, has not been captured.

Dr. Flower Admitted to \$20,000 Bond.

New York, March 28.—Dr. Richard C. Flower, the former prominent Kentucky preacher against whom there are several indictments charging him with larceny, was admitted to \$20,000 bail today.

The highest court in Germany has decided that a master has the right to box the ears of his servant girl if he so desires. What a roar there would be in the servant's hall if that was done in this country.

ICE STOVE.

**Weather Chief Moore's Invention Will
Keep the House Cool.**

Chicago, Mar. 27.—A telegram from Washington says: "Put some more ice in the stove—we must keep cool," is likely to be an oft-heard remark in the near future. Prof. Willis Moore, chief of the Weather Bureau, announced to-day that his invention for cooling rooms would soon be put on the market. He calls his apparatus the "Nero." Spell it backward it is a reversed oven—a contrivance for cooling instead of heating. It looks like a stove, being a cylinder of copper or galvanized iron, with a door midway of its height.

Break up 100 pounds of ice to the size of furnace coal and mix it in a tub with 150 pounds of salt. Shovel the mixture into the Nero, open the pipe to let out the thawed water at the bottom and in a short time your room will be at a comfortably cool temperature. From the stove comes dry, clean, washed air of the temperature of 18 degrees Fahrenheit.

MORRISON'S COMPANIONS

**In Jail Delivery Captured and Returned
to Prison.**

Murray Petway and Arthur Stiles, the men who, with Will Morrison, of this county, escaped from jail in Nashville on the morning of March 19, are again behind the bars. They were arrested in Rutherford county, Tenn., Saturday. Morrison's whereabouts is still unknown. When the three men escaped they came toward Ridgeway. Morrison, Petway says, left the party on the way to Ridgeway, and he thought from his conversation that he would probably make an effort to go to West Virginia.

JUDGE DEMPSEY SANGUINE.

**Hopkins County Man is Encouraged in
Railroad Commission Case.**

Sunday's Courier-Journal says: Judge J. Fletcher Dempsey, of Hopkins county, who is a Democratic candidate for renomination for Railroad Commissioner in the first railroad district, was in Louisville yesterday. Judge Dempsey has just returned from a trip through Breckinridge, Hancock, Webster, Davies, Henderson and several other counties, and says that he is much encouraged over the situation.

HENSON AND DIXON

**Nominated for Judge and Common-
wealth's Attorney in Fifth District.**

Dixon, Ky., March 30.—The Democratic primary election in the Fifth judicial district resulted in the nomination of J. W. Henson, of Webster county, for Circuit Judge, and Sam V. Dixon, of Henderson county, for Commonwealth's Attorney. Henson's majority over Malcom Yeaman is upward of 400. Dixon's majority over Commonwealth's Attorney L. C. Flournoy is about 800.

Congressman Rhea Ill.

Russellville, Ky., March 28.—Congressman John S. Rhea is ill at his home in this city with something similar to appendicitis, but his physicians think they have the disease under control.

Mrs. Caroline Lawson was arrested in Laurel county on the charge of being implicated in the Little-Castel killing.

ANTI-BOYCOTT LEAGUE.

**Evansville Merchants Taking Vig-
orous Steps to Resist**

METHODS OF EXTREME UNIONISM.

**Strongest and Vainest Boycott has Been
Against St. Bernard Coal.**

Evansville, Ind., March 28.—A large number of business people of Evansville have formed an anti-boycott association, and have been holding meetings in secret for the past several days. The matter became public this afternoon when Weston Gowin, of Sedalia Mo., who organized the business men, departed for West. It is not known how the new organization will proceed. It is understood it will take steps to protect nonunion labor. Several boycotts have been declared of late, and the business men decided to get together for mutual protection.

No business men in any city in the country have been subjected to more presumptions or oppressive methods at the hands of trades unionists for some years than the business men and manufacturers of this city. Conditions have grown worse until they are now considered unbearable and they have organized in self defense to resist the encroachments upon their rightful ownership and management of their business.

One of the chief boycotts the unionists have tried most vigorously to enforce for some months is that against the St. Bernard Coal Mining Co. The Mine Workers' union had for a number of weeks a walking delegate mounted on a bicycle, who followed the coal wagons of that company about the city and tried to influence their customers to stop the use of this Hopkins county coal. Everybody who could be located as a user of this coal has been systematically persecuted, but the demand for this coal has increased and now this coal and the company that produces it has more friends in Evansville than ever before. People are almost running over each other in the desire to buy this popular Kentucky product.

REYNOLDS-McCORD.

**Popular Crofton People United in Mar-
riage Sunday.**

Mr. Jas. A. Reynolds and Miss Marvie L. McCord, well known and very popular young people living near Crofton, were united in marriage Sunday morning. The wedding took place at the home of the bride's parents. Rev. W. E. McCord, uncle of the bride, performed the ceremony.

FORMALDEHYDE

**Used to Tame Bad Men With 44's at
Lexington.**

Lexington, Ky., March 28.—Formaldehyde was used to dislodge a half-dozen lozemen from Breathitt house who had barricaded themselves in a house on Vine street this morning.

They were prepared to resist the officers to the death, but when the fumes of the insect and germ exterminator began to get in their work, they could not surrender quick enough.

As the choking, nauseating fumes began to fill the room, the six bad men from Breathitt began to get sick. An enemy that did not care a rap for "forty-four" was after them. They felt worse and worse until finally the humble appeals, and opening the door took in cussidy six meek men from Breathitt.

"The Prisoner of Zenda."

On last Saturday night the people of Earlington witnessed one of the best, if not the best show that has ever graced the boards of Temple Theatre. It was one of the strongest companies on the road and everyone connected with the "Prisoner of Zenda" was strictly first class and up-to-date. From the rise of the curtains in the prologue until its final fall the audience watched the play with breathless interest. Thos. B. Alexander, as Prince Rudolf and Rudolf V., was up to the standard and his prison scene was thrilling. Eloise Elliston and Marian McDonald were both charming as Princess Flavia and Antoinette DeMauban. The other members of the company were well up in their parts and gave good support. The "Prisoner of Zenda" is one play the people of Earlington would like to see again next season. Mr. Thos. B. Alexander, who was the star in the "Prisoner of Zenda," will star next season under the direction of Mr. Geo. Verbeck in the romantic drama, "Near the Throne." Earlington people will have an opportunity to witness this thrilling drama. Mr. W. M. Leslie, who is at present business manager for the "Cooking Polite Vaudeville Show," will act in the same capacity for "Near the Throne" next season.

OVERWHELMING NEWS.

**Three Telegrams Announcing as Many
Deaths Received in a Few Hours.**

BY J. B. WALTRIP, OF MADISONVILLE.

Madisonville, Ky., March 28.—Thursday morning J. B. Waltrip, of this city, was overwhelmed with messages announcing deaths in his family and immediate relationship. The first message came from Calhoun announcing the death of his mother, Mrs. Lucy Waltrip, and following this about an hour, another message came from Sebree announcing that Mr. Lon Edwards, Mrs. M. A. Waltrip's father, had suddenly dropped dead. In about two hours came a message from Hanson that his wife's mother, Mrs. Bidwell, of McLean county, had died that morning.

All three messages came the same day and within a period of a few hours.

Found \$1,000 in a Sawlog.

Evansville, Ind. March 28.—A workman at a local sawmill found \$1,000 in money in the hole of a sawlog. The log had been cut for several months and was piled up in the yards.

LOCOMOTIVE BLASTS

A Mean Trick.

The boys in the Master Mechanic's office at Howell captured a mouse last Saturday—a tiny little mouse which had emerged from its hiding place in the hope of finding a few crumbs to tickle its empty palate. Not a man in the crowd was brave enough to kill the innocent looking thing, and for a while they were at a loss to know how to dispose of their important haul. While the boys were planning, the stenographer, who lives in Evansville and carries his dinner with him, stepped out of the office for a few moments. During his absence the boys procured an empty card-board box, in which they deposited the mouse, after cutting several holes for ventilation, and then put the treasure in the stenographer's dinner basket. When the stenographer started home the boys suggested that he bring them each a good cigar Monday morning; that he would owe it, and would know what it was for when he got home. So he did, but showed up Monday morning without any cigars, explaining that he had gone out in town when his wife opened the box, and when he returned she jumped on him with a broom, breaking the handle of it before he could declare his innocence. "Nope," said the stenographer, "got a whipping, had to buy a new broom, no cigars."

Wm. Weiland, formerly night watchman at Howell shop yard, has accepted a position as overseer of a large stock farm near Goshen, N. Y., for which place he left last Wednesday.

It behooves us to see that our train of thought is well coupled together as we go steaming up and down the grades of life. A defect in the coupling may mean the parting of our train, and probable loss of treasured cars.

Master Mechanic Walsh had a visitor last Wednesday in the person of C. M. Butin, sales agent of the Zelnicker Supply Co., who is introducing something new in the way of car replacers.

A lump of coal in the hand is worth two in your neighbor's cellar.

Fireman S. B. Crews, who has been confined to his bed with sickness for the past six months, has about recovered, and will soon be able to resume work.

General Air Brake Instructor Frank Sherman was on the Henderson Division last week.

A fifth house is being erected on the St. Louis Division "Y" between Howell and Evansville for section foremen, making that corner appear as if a little town was being started there.

Engineer E. W. Bonham, who has been in St. Mary's Hospital in Evansville since March 11th on account of injuries received on that date in collision at Rankin, has recovered sufficiently to be able to return to his home in Nashville.

Fireman Geo. W. Chapman was called to Middleboro, Ky., last week on account of sickness of his wife.

W. J. Butcher, of the Master Mechanic's office, went to St. Louis, Sunday.

E. P. Bryant is to be the new superintendent of the Manhattan railway, New York. He started

railroading thirty-six years ago as an operator at Lebanon, Ky. The biennial convention of the Order of Railway Conductors will be held commencing May 30 at Philadelphia.

Conductor Ed Heafer has been on the sick list this week with fever and ague.

Dispatcher T. J. Featherstone has returned from his visit to Tennessee and is again at the key.

Dispatcher W. E. Martin, who has been laying off a few days, went to work this week.

Dispatcher Frazier has been on the sick list for a few days, but is again able for duty.

Dispatcher McKeown has been learning the road this week and is now about ready to show his skill in handling trains.

There is still talk of running the locals through from Howell to Hopkinsville.

Train Master Sheridan and Chief Dispatcher Wise have been in Evansville this week working on a new time card. The time of 93 and 92 will be changed and possibly other changes will take place.

Supervisor Edmondson is a great fisherman. He says he saw fish as long as his arm jumping up all over the railroad pond one day last week. This may have been true, but he had no witnesses to corroborate his statement, consequently, it should be taken with a due allowance of salt.

King Dodo.

King Dodo, as rendered in Morton's opera-house, Madisonville, Tuesday night, was great. It was interesting, entertaining and excruciatingly funny. The seating capacity of the large house was taxed to its utmost. Quite a number of people from Earlington, Providence and Nebo went in on the special train and several from Slughters, Sebree and Hanson were present. The vast audience were more than pleased with the performance and demonstrated the fact by their frequent encores. Morton & Ruby are to be congratulated on securing this first class attraction. It was far ahead of anything else presented at Madisonville this season.

JUST THE THING.

Every Kentuckian Should Have One.

THE BEE has been selected by the Kentucky World's Fair Committee to sell one hundred souvenir buttons representing the Kentucky building at St. Louis. These buttons are very tastefully arranged, are the size of a half dollar and are to be worn on the lapel of the coat. On the button is a colored illustration of the Kentucky building at the World's Fair. Underneath are the words "It's part mine." Every cent realized from sale of these buttons will go to help erect the Kentucky building, and every man in Hopkins county should help the good cause along by purchasing one at \$1.00. The buttons are on sale at the St. Bernard drug store and general store, M. B. Long's Bon-Ton bakery, Jao. X. Taylor's drug store, W. G. Bacter's jewelry store, and the dry goods store of J. M. Victory. Any of the above named gentlemen will take pleasure in showing and selling the buttons.

That Indiana fellow who was in trouble on account of a double matrimonial alliance, says he supported two families on \$12 a week, and the Fort Wayne Gazette thinks he ought to be granted amnesty on condition that he teach the average husband how to support one family on such a small stipend.

St. Louis is hustling for both national conventions in 1904. If the big town pulls off the conventions there the Louisiana Purchase Exposition will be only a side show.

Robbed The Grave.

A startling incident is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes swollen, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know that they robbed the grave of another victim." No one should fail to try them. Only 50 cents, guaranteed, at St. Bernard Drug Store.

Sale Greater Than the World's Product of Other Skin Soaps.

Sold Wherever Civilization Has Penetrated.

Millions of the world's best people use Cuticura Soap, assisted by Cuticura Ointment, for preserving, purifying and beautifying the skin, for cleansing the scalp of crusts, scales and dandruff, and the stopping of falling hair, for softening, whitening and soothing red, rough and sore hands, for baby rashes, itchings and chafings, in the form of baths for annoying irritations and inflammations, or too free or offensive perspiration, in the form of washes for ulcerative weaknesses, and many sensitive, antiseptic purposes which readily suggest themselves to women, especially mothers, as well as for all the purposes of the toilet, bath and nursery.

Cuticura Soap combines delicate emollient properties derived from Cuticura, the great skin cure, with the purest of cleansing ingredients and the most refreshing of deodorizers. No other medicated soap ever compounded is to be compared with it for preserving, purifying and beautifying the skin, scalp, hair and hands. No other foreign or domestic toilet soap, however expensive, is to be compared with it for all the purposes of the toilet, bath and nursery. This it combines in one soap at this value, the best skin and complexion soap and the best toilet and baby soap ever compounded. Sale greater than the world's product of all other skin soaps. Sold in every part of the civilized world.

A VALUABLE MEDICINE.

For Coughs and Colds in Children.

"I have not the slightest hesitancy in the recommending Chamberlain's Cough Remedy to all who are suffering from coughs or colds," says Chas. M. Cramer, Esq., a well known watch maker, of Columbus, Oeylon.

"I have been some two years with the City Dispensary first called my home to this valuable medicine, and I have repeatedly used it and it has always been beneficial. It has cured me quickly of all chest troubles. It is especially effective for children and seldom takes more than one bottle to cure them of all chest troubles. I have persuaded many to try this valuable medicine, and they are all as well pleased as I am with the results."

A Card.

I desire to announce that I have secured the exclusive agency for the use and sale of the celebrated United States Roof Paint in the counties of Christian, Hopkins, Webster and Henderson. The U. S. Roof Paint's composition is Gutta Percha, Asphaltum, Oxide of Iron and a few other ingredients, only known to the manufacturers, containing neither oil or water to evaporate or wash away, and is as hard as iron. It is applied cold, immediately vulcanizing and becoming tough and hard, never cracking, blistering, or scaling off. This paint is for both metallic and shingle roofs and will preserve either from rust or decay from 10 to 15 years. I will repair and paint your roof and guarantee same for six years, keeping it in repair free of charge. This guarantee is backed up by the U. S. Paint Co., and in every town or city where I will introduce this paint I will employ a reliable and trustworthy local man to look after your roof and keep same in repair. The shingle roof paint is fire proof, while the metallic roof paint can be used on smoke stacks, iron fences, fire fronts, iron bridges, tanks, etc.

Let me paint or repair and paint your roof, save you expense and worry and prolong the life of your roofs from 10 to 15 years. Write or phone me or wait until I call on you. Very respectfully,

M. McCorn.

The Grand Leader's

4th-ANNUAL ANNIVERSARY SALE-4th

April 4th. One Day Only!

WE will have closed our fourth year's successful business on the above day, and in keeping with our former custom we will give the general public an opportunity of supplying this spring and summer's wants at greatly reduced prices, as we will offer such inducements to the buying public in return for the many kindnesses shown us during our stay that it will be very beneficial to every one in this community as we will sacrifice the prices on our immense stock for this one day only for the appreciations shown us, and in order to be fully convinced of the proof of the above assertions it is necessary for you to read every article quoted below and compare them with the regular prices quoted elsewhere.

You will also bear in mind the fact that this sale will positively only last for **one day, Saturday, April 4th**, and if you desire to take an advantage of these greatly reduced prices during this sale it will be very necessary for you to be here on that day, as every article quoted below will recede to its usual price after the above date.

LANDRAM TELLS WHY.

Editor Louis Landram, of the Lancaster Record, who speaks as an oracle, tells an important truth to the world in plain English, thus:

"An exchange devotes half a column to 'wondering' why women don't catch cold from wearing low-neck dresses. There's no lengthy argument about it—they are simply accustomed to crawling out of bed every morning, and clad in their 'nites,' build a fire for a trifling husband to get up and dress by. That's the 'cause why.'"

CADET BERRY, of Kentucky, has been dismissed from West Point because of "misstatements" made in connection with the use of cigarettes which are in a way prohibited at the military academy. The rule is that cadets must not have tobacco in their possession, although the mere smoking of it is not a violation. It is meant to discourage smoking. "Misstatements" are bad things and our young smokers should bundle them up with their cigarettes and throw the package away. Nerves and honor would both be benefited, perhaps preserved.

There is plenty of elbow room in the United States yet and nobody not immured in crowded city walls need lack for fresh air and contact with Mother Earth. The total land area of the United States has been carefully determined by government officials to be 2,970,280 square miles. This would give over 27 acres of land to each of 70,000,000 of population. Quite enough to raise our corn and wheat and dig our coal and our gold and our other minerals from under to enrich the world. And there is room left over here for the right sort of emigrants.

ASIDE from Louisville, our metropolis, Lexington is pre-eminently the home of the representative Kentucky newspaper. The Lexington Herald, one of the first of this class, asks the Kentucky Press Association to meet there the coming summer, and to stay long enough to get acquainted. This invitation comes early enough to be most hearty and genuine. The "pen-nyrite" has had the Association the past two years. Lets go to the bluegrass.

Manager Walter McGary received a message this morning stating he could arrange for a school children's reception at the opera house next Saturday. The famous Conkling Company will give a bargain matinee for scholars and ladies. Miss Frankie, the child artist of the company, will hold a reception at the since after the matinee is over. She will entertain her little friends by having them all the many features of behind the scenes. All children will be admitted any part of house for 10 cents, adults 25 cents. Let the children come. We will take good care of them. Next Saturday afternoon at 2:30 p. m.

The next movement for the protection of the public will doubtless be a call for a convention to discuss methods to prevent the slaughter of passengers by railroads.

There is nothing like having up to date methods in polite society. Mrs. Burdick testified that when her husband came in the door she and Pen-nell jumped out of the window.

Let us have good roads.

Young Plants

Every farmer knows that some plants grow better than others. Soil may be the same and seed may seem the same but some plants are weak and others strong.

And that's the way with children. They are like young plants. Same food, same home, same care but some grow big and strong while others stay small and weak.

Scott's Emulsion offers an easy way out of the difficulty. Child weakness often means starvation, not because of lack of food, but because the food does not feed.

Scott's Emulsion really feeds and gives the child growing strength.

Whatever the cause of weakness and failure to grow—Scott's Emulsion seems to find it and set the matter right.

An Elegant Birthday Party.

Mrs. Mollie Combes entertained a jolly crowd of young people Friday night at progressive dinner in honor of the birthday of her sister, Miss Laura Stodghill. Miss Virgie Rule and Mr. Henry Rogers died for the championship of the evening, which Mr. Rogers won by drawing. Miss Stodghill was the recipient of many tokens of remembrance. Dainty refreshments were served and the guests departed at a late hour. It was one of the most enjoyable social affairs of the season. Those comprising the party were: Misses Anne Ashby, Lizzie Dean, Virgie Rule, Hattie Parker, Callie Drake, Nanie Summers, Nannie Browning, Ada Stodghill, Katie Stodghill, Annie Stodghill, Anna Rice, Laura Stodghill, Bessie Combes; Messrs. Thurman Rudd, Henry Rogers, Charlie Webb, C. L. Blackwell, Jim Maloney, Coward, Eusebius Adams, Ed Adams, Brick Southworth, Jim Moreland, Norwood Martin, Tom Trahern.

GRAPEVINE ITEMS.

Farmers are quite busy preparing for their crops.

Miss Nara Denton, of Liberty, is visiting Mrs. John Slaton and Miss Mayne Todd.

Sunday school will open here next Sunday.

Lucien Littlepage, of Moss Hill, is circulating a petition for a rural free delivery route in this vicinity.

Joseph Hibbs sold 20 acres of land last week to Meyer Will Thompson, of Madisonville, consideration \$500.

The indications are that there will be a good fruit crop in this section.

Miss Mayne Todd attended "King Dodo" at Madisonville Tuesday night.

Cheap Homes in Texas and Arkansas.

Along the Cotton Belt Route—land that can be bought for \$2.00 to \$5.00 an acre and up—cut-over timber ground that makes good grazing land, furnishing range ten or eleven months of the year, farming land for corn, wheat, oats, cotton—some of it peculiarly adapted to quick growth and early maturity of fruits and vegetables, such as peaches, pears, plums, strawberries, tomatoes, potatoes, onions, cabbage, melons—finding good markets in the north at fancy prices, on account of excellence of quality and earlier maturity than in other sections. An ideal place for the man of small means—cheap fuel, cheap building material, long growing seasons, short, mild winters—a land of sunshine and plenty. Let us send you literature descriptive of this country.

"Homes in the Southwest," "Glimpes of Southeast Missouri, Arkansas and N. W. Louisiana," "Through Texas with a Camera," "Fortunes in Growing Fruits and Vegetables," "The Diversifier," a black and white photograph of a tract of land and truck growers' sources. On the first and third Tuesdays of each month the Cotton Belt Route will sell one way tickets from St. Louis, Thebes, Cairo and Memphis, to points in Arkansas, Louisiana and Texas, at half the one-way rate plus \$2.00 or round trip tickets at one fare for the round trip, plus \$2.00, allowing stopover coming, and return limit of 21 days.

LOW COLONIST RATES TO THE NORTHWEST AND CALIFORNIA.

From February 15 until April 30, the Burlington makes greatly reduced one-way rates for settlers going to California, Montana, Big Horn Basin, Idaho, Washington, Oregon, Puget Sound, Country and British Columbia. Generally speaking, the reduction is from 25 to 40 percent.

THE WAY TO GO.

Take Burlington trains at St. Louis, Kansas City, St. Joseph, Omaha, Denver or Chicago. With its close connections, the Great Northern and Northern Pacific roads, and with its through train service the Burlington offers more to the settler than any other line or combination of lines into the Northwest. The "Burlington-Northern Pacific Express" is the great daily train with through chair cars, coaches and through tourist sleepers. This is the only through train into the Northwest jointly with the Northern Pacific Road.

TO CALIFORNIA.

Join the Burlington's personally conducted California excursions in through tourist sleepers, which are run on frequent dates each week via Denver, scenic Colorado and Salt Lake City.

MAIN TRAVELED ROAD.

One makes no mistake in calling for tickets over the Burlington with its 5,000 miles of main traveled trunk lines leading to practically all the great cities and diverging points of the West. Describe to us your proposed trip and let us advise you the least cost and send you free reading matter.

A Sweet Breath

is a never failing sign of a healthy stomach. When the breath is bad the stomach is out of order. There is no remedy in the world equal to Kodol Dyspepsia Cure for curing indigestion, dyspepsia and all stomach disorders. Mrs. Mary S. Crick, of White Plains, Ky., writes: "I have been a dyspeptic for years—tried all kinds of remedies but continued to grow worse. By the use of Kodol I began to improve at once and after taking a few bottles am fully restored in weight, health and strength and can eat whatever I like. Kodol digests what you eat and makes the stomach sweet." Sold by John X. Taylor.

IT SCARES PEOPLE

Who come of a consumptive family when they begin to cough and the lungs are painful. But it is a fact beyond dispute that consumption is not and cannot be inherited. The microbe which breeds disease must absolutely be received by the individual before consumption can be developed.

Men and women who have been afflicted with obstinate coughs, bronchitis, bleeding of the lungs, emaciation and weakness, have been perfectly and permanently cured by the use of Dr. Pierce's Golden Medical Discovery. It cures the cough, heals the lungs, and builds up the body with solid flesh.

"When I commenced taking your medicines, eighteen months ago, my health was completely broken down," writes Mrs. Cora L. Sunderland of Chaneyville, Calvert Co., Md. "At times I could not even walk across the room without pains in my chest. The doctor who attended me said I had lung trouble, and that I would never get again. I last I bought a bottle of 'Golden Medical Discovery.' I bought a bottle of 'Golden Medical Discovery,' and soon commenced to feel a little better, then you directed me to take both the 'Golden Medical Discovery' and the 'Purifier Prescription,' which I did. Altogether I have taken eighteen bottles of 'Golden Medical Discovery,' twelve of the 'Purifier Prescription,' and five of 'Purifier Pills.' I am now almost entirely well, and do all my work without any pain whatever, and can run with more ease than I could formerly walk."

Dr. Pierce's Common Sense Medical Advice, in paper covers, is sent free on receipt of 21 one-cent stamps to cover expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

SETTLEMENT EFFECTED.

Miners Accept Advance of Ten Per Cent. Offered by Operators.

ONLY A FEW WORKMEN GET GREATER INCREASE.

District No. 23, United Mine Workers, has accepted practically the original offer of the operators for a ten per cent. advance for the coming year. The miners' representatives insisted that they would not accept anything short of the Indianapolis scale, but the operators were firm, and it is rumored that President John Mitchell thought he had trouble enough on his hands in other fields and told the Kentucky organizers they must settle for 10 per cent. advance if they could not get 14 per cent.

500 MINERS OUT.

Evansville Miners Take a Day Off Without a Strike Order.

MEN GO IDLING BEFORE SETTLEMENT IS COMPLETED.

Evansville, Ind., April 1.—All the coal mines in and about this city, six in number, are idle today, notwithstanding a good demand for coal and notwithstanding the fact no strike has been ordered and the conference at Terre Haute is still considering the differences to be adjusted. Five hundred coal miners are idle today in this city and it is said that all the union miners in Southwestern Indiana are taking a holiday today.

Fish Biting.

The fishing season is now on and several enthusiastic devotees of the piscatorial art have dugged worms and baited away to Look Mary this week to try their luck. We understand one or two of the smaller fish bite.

Ayer's

Your doctor will tell you that thin, pale, weak, nervous children become strong and well by taking Ayer's Sarsaparilla. Small doses, for a few days.

Sarsaparilla

The change is very prompt and very marked. Ask your doctor why it is. He has our formula and will explain.

"When 12 years old, for many months my little son was so ill that he could not live because of thin blood. After a few weeks, Ayer's Sarsaparilla completely restored me to health. Sarsaparilla is sold by Dr. J.C. Ayer & Co., Lowell, Mass., and by all druggists."—J.C. Ayer & Co., Lowell, Mass.

MINING NOTES.

Kentucky whiskey and horses are popular everywhere but Kentucky coal of the St. Bernard-Hopkins county brand takes precedence now in Evansville, Ind., the city of the boycott. The merchants and manufacturers of that city are now buying every thing that is boycotted, having organized an anti-boycott league, and St. Bernard coal is in great demand.

A cablegram from Paris says: "Gen. Horace Porter has been seriously ill for several weeks. During the past two weeks he has been unable to go in the Embassy." Gen. Porter is one of the stockholders in the St. Bernard Mining Co.

St. Charles mine was third on the list in point of output for 1902 for the mines on the Illinois Central railroad in Western Kentucky. The first mine in output was the Taylor mine with 144,611 tons. Central city came next with the Central Coal & Iron Co.'s mine, 137,454 tons. St. Charles third, with 134,624 tons for the year. One other mine, the Render, produced over the one hundred thousand mark. This mine's output was 106,508. Crabtree came next with 97,475 tons, and Luzerne with nearly as much. The other mines on the line produced considerably less than this figure. There are fifteen mines in all on the Louisville division of the Illinois Central.

There will be no strike of the United Mine Workers in district 23. After many weeks of talk an agreement has been reached for a new wage scale from April 1. Plenty of cars and plenty of work for all non-union miners in Christian, Hopkins and Webster counties.

The colored mine workers of district 23 will be assessed about 11 per cent of their wages to keep the "Lily White" officials in salaries and expense accounts. No more salaries for colored officials, as there will be no more colored officials. Wood, Wells and company have only use for the black man for what they can get out of him. Evidently the effort is to be made to drive him out of the un'on mines of Ohio and Muhlenburg counties.

An elongated specimen of humanity hailing from Central City was here one day last week, supposedly traveling in the interest of Wood, Wells and Co. He carried a sack of pick handles as side line.

Several of the St. Bernard miners are looking forward to a trip to St. Louis in 1904.

S. B. Jarvis an old St. Bernard miner has disposed of his place here to Mrs. M. Crenshaw of Madisonville and will move with his family to Greenville Ky., in the near future.

One of Fred Hoses' friends said the other day "there might be some one who could beat Fred cutting coal but if they did they would have to lay right with it all the time."

AMERICAN FLEET

Will Attack European Port to Prove Strength of Our Navy
IN MIMIC FRIENDLY WARFARE.

Europe is to be given an object lesson with respect to the power and efficiency of the United States navy. When the North Atlantic Squadron arrives at Hampton Roads in May from its Caribbean Sea cruise, it will prepare to sail the latter part of the month to blockade the port of an imaginary "hostile" European nation. The port selected is Lisbon, Portugal.

Because of what it may mean, the diplomatic and naval representatives of European Powers are displaying keen interest in the proposed maneuver. It will demonstrate the ability of an American fleet to steam 3,000 miles and to maintain blockading operations in spite of the distance from its home base. If success in every respect crown the exercise, Europe will understand what war with the United States may involve.

Prior to the war with Spain, the idea of an American fleet attacking Europe was never considered seriously by European statesmen. The Old World nations would have been offended had the upstart republic of the West sought to inaugurate hostilities within their continental waters. It was their unwillingness to permit the spectacle of an American fleet operating in those waters that caused them, when the United States threatened to send a fleet to Spain, to urge the Madrid government to negotiate peace. No longer is the idea of American naval operations against an European power on its own coast ridiculous. It is an object of grave concern.

DECLINE TO RECOGNIZE WOODWORKER'S UNION.

Evansville Manufacturers Say They Will Manage Their Own Affairs.

SEVEN HUNDRED FURNITURE WORKERS OUT YESTERDAY.

Evansville, Ind., April 1.—Seven hundred union furniture workers left their benches today ostensibly because the manufacturers refused their demand for a nine hour day with ten hours pay, which amounts to about 11 percent increase in wages. The manufacturers say that the real reason of the strike is the same that actuated John Mitchell in the recent anthracite strike—to try to force a recognition of the union. The strike affects ten factories in this city. The Evansville Furniture Co. employs only non-union men and is not affected.

At the Bocksteck factory on West Franklin street, one young striker said as he walked out: "We are out till — freezes over." General Manager John Jourdon replied: "It may freeze over in forty years from now, but not anyways soon."

Speaking of the reason for a strike Mr. Jourdon said: "The only point the men are fighting for is the recognition of their union. I firmly believe that if they were recognized by the furniture manufacturers, they would agree to go back to work at the old rate. The men are well paid and it is not a question of wages. But the manufacturers cannot recognize the union. Once that is done and the union men want to dictate as to how the business shall be managed in every way—where supplies shall be bought, etc. For this reason the union cannot be recognized. The union people do not conduct their affairs with moderation."

IN THE SPRING.

BLUE G. BARD.

The angleworm flits from flower to flower.
The frogs are on the wing.
From her woodland scented bower,
We hear the voice of spring.

The front yard is with furniture filled,
Do you know the meaning?
It is that awful, horrible time,
When women do spring cleaning.

The farmer steadily turns the sod.
And plows up snakes and crickets,
The blue jay bird, with noisy glee,
Is building in the thickets.

The country lad is cutting sprouts,
But sometimes stops and dances,
While from out his cottonades
A lizard gaily prances.

The sportive calf, with tail erect,
Flees wildly up the lane,
The bull-frogs near the shallow pool
Join in a glad refrain.

Adown the path the barefoot boy
Comes painfully, limping, slow,
He has performed the annual feat
Of knocking off his toe.

The fisherman digs the red earth worm
And puts them in a can;
All nature wears a smiling face,
For spring is now at hand.
